Information on conference procedures

1. Online participation will be enabled via GoogleMeet. To ensure that your participation runs smoothly we recommend using a Google (GMail) account, and making sure that your camera, speakers and microphone are functioning at least a day before the conference. **We emphasize that all participants should be logged into the sessions 5 minutes before the beginning of each session. Our technicians will be waiting to "let you in" when you click on the link to join. We also emphasize that the same links should be used by conference participants who are not in a particular panel (because their own panel is at a different time) but wish to listen to the presentations and join the discussion.** The links for the sessions and panels are the following:

   a) Opening Session: https://meet.google.com/zdd-oavr-ziq
   b) Panels A1 and A2: https://meet.google.com/jzo-tcgr-peo
   c) Panels B1 and B2: https://meet.google.com/tdz-tehb-zec
       Panels C1 and C2: https://meet.google.com/kaq-fwvi-ave

2. For anyone who has not used GoogleMeet before, or simply wishes to additionally test the software and its functionality, screen sharing options for PowerPoint presentations (if PPT is being used) etc., we will arrange a Test Session on the day before the conference (November 10 2022) at 14:00 (Zagreb Time) The Test Session may also serve as a partial online "meet and greet" session, since we are unable to have a traditional one given the online nature of this year's conference. The link for the Test Session is:

https://meet.google.com/zdd-oavr-ziq

3. During the panel presentations each speaker will be allotted 10 minutes, with an additional 20 minutes at the end of the panel for discussion.
4. We kindly ask all presenters who intend to use a PowerPoint presentation (whether in Zagreb or online) to send us a copy of the presentation by November 10 2022, 15:00, at the latest. The presentation should be sent to sbuzar@libertas.hr. This is not a requirement, but simply a failsafe – in case you are unable to share your screen the panel chair will be able to do that for you if they have your presentation.

5. For any additional questions or issues please contact us at sbuzar@libertas.hr.
